Romans 10:14-21

Read and meditate on Romans 10:14-21.

1. What is faith? We throw that term around a lot, but it is important to fully understand what the term means. Fill out the following with short answers:

Definition of true faith (Heb. 11:1; 2 Cor. 5:7): _____

Biblical examples of true faith (Heb. 11): _____

The object of true faith (Gal. 2:16; Col. 1:4): _____

The source of true faith (Heb. 12:2; Phil.1:6; Eph. 2:8):

The proof of true faith (James 2:14-26): _____

The content of true faith (I Cor. 15:1-4; Rom. 10:9, 10): _____

The result of true faith's testing (James 1:2-4): _____

2. Review: last chapter was mostly about God's sovereign involvement in man's salvation. It is God who chooses man, not man who chooses God. If this is the case, then how can man be held accountable to "call on the name of the Lord" in order to be saved? Are verses 12 through 15 suggesting that man meets God half way in his salvation?

10. In verses 16-21, Paul has further helped the confusion in the mind of the Romans over why the gentiles were added into God's plan of salvation while Israel's future is in question. Has God abandoned His people, Israel? What is his plan for them?
